### Costs More to be Sick.

NEW YORK, Nov. 4.—This winter is going to be a very fine time for everybody to keep well because the drug famine precipitated by the European war has greatly increased the high cost of being ill.

"Some of our best professional invalids have experienced sudden recovery recently and we have reason to believe the experience was supplemented by the prices of prescriptions," remarked a New York physician.

The big drug firms, in spite of increasing prices on some drugs more than 200 per cent, cannot supply the demand because there is no supply. Quinine has jumped from 30 cents to \$2.25 an ounce, glycerine from 20 to 25 cents a pound, cod liver oil from \$40 to \$30 a barrel, sage from 5c to 35 cents a pound. Sweet herbs, bromides, potassium permanganate, olive oil, sarsaparilla and many other drugs have gone way up. Some drugs cannot be obtained for love, money or influence.

### "Wet" After Station.

NOBLESVILLE, Ind., Nov. 4.—The "wets" tried to make a "bank station" out of Noblesville today. There is no "wet" town between Indiana, Ohio and Logansport, 26 miles, and to break this drought, Noblesville was chosen as the most likely prospect. Noblesville went "dry" two years ago by a majority of ten.

### Kentucky Moose Dead.

LOUISVILLE, Ky., Nov. 4.—The full moose party has practically disappeared in Kentucky as demonstrated by yesterday's result. Former Congressman Stanley's election as governor is not conceded by the republicans.

Incomplete returns from a majority of counties, however, give Stanley a lead of 10,000.

Republicans charge frauds. "Blind" Pig Real Blind. ROSEBURG, Ore., Nov. 4.—Officers and newspaper men assembled in the Recorder's Court here heard the recitation of a transient chimney sweep of how it was possible to obtain liquor in Roseburg without seeing.
